Dune

Multi-level loop carpet tiles with a 600 x 600 mm format and solution-dyed nylon yarn. Current Project Floors stock is supplied with EcoTX backing.

Specify the product. See the sample.

Request a physical sample to assess colour and texture in your space. The next page provides product data, source details and the limits of the available performance evidence.

Dune

Multi-level loop carpet tiles with a 600 x 600 mm format and solution-dyed nylon yarn. Current Project Floors stock is supplied with EcoTX backing.

PRODUCT DATA

Format	Carpet tile
Tile dimensions	600 x 600 mm
Construction	Multi-level loop
Yarn	Universal Thrive matter Nylon 6
Colour system	100% solution dyed
Backing - current supply	EcoTX
Application - brochure declared	Heavy commercial
Gauge - brochure declared	1/10
Stitches - brochure declared	8 per inch
Pile weight - brochure declared	23 oz/yd2
Total thickness	Confirm for current EcoTX-backed stock

PERFORMANCE AND PROJECT SUITABILITY

The design brochure reports ASTM E648-17 Class I, GB 8624-2012 B1, ASTM E662 smoke density below 450 and AATCC-134 static propensity at or below 3.5 kV. These are brochure declarations for its stated construction, not verification of the current EcoTX assembly. Obtain matching fire and acoustic reports before specification.

SOURCE AND SCOPE

Dune Quick Steps brochure, final specification spread (page 8). Current EcoTX backing confirmed by Project Floors on 27 October 2026. The original brochure describes a different backing; total thickness and backing-dependent performance must be confirmed for current supply.
